## WILLKOMMEN AUF DEM BAR CONVENT BERLIN – SCHÖN, DASS DU DABEI BIST!

Das Warten hat ein Ende und endlich ist es soweit: Die Berliner Messehallen öffnen erneut ihre Pforten, um das jährliche Zusammentreffen der internationalen Bar-Community einzuläuten!

Der BCB ist bekannt dafür, jedes Jahr die aktuellen Top-Trends der Branche abzubilden und erlebbar zu machen. Dieses Jahr haben wir uns gedacht: Aller guten Dinge sind drei! So setzen wir drei spannende Trend-Themen aus der Barwelt ins Spotlight und widmen ihnen eigene Highlight-Flächen.

Du bist bereits passionierter Whisk(e)y-Fan, oder willst es noch werden? Dann lass Dir unsere „BCB Whisk(e)y Embassy sponsored by Woodford Reserve, Jack Daniel's & Schweppes“ rund um unser diesjähriges Spirit of Honour in Halle 11.1 nicht entgehen! Neben köstlichen Cocktailkreationen der beliebten Hamburger „Collab Bar“, erwartet Dich auch ein großartiges Education-Programm, welches in Partnerschaft mit der „OurWhisky Foundation“ entwickelt wurde. An der eigens kreierte Education Fläche, erfährst Du von Expertinnen und Experten alles rund um Whisk(e)y und seine Besonderheiten. In diesem Jahr feiert der BCB zudem eine wahrhaftige Premiere: Erstmals rückt das Thema „Wein in Bars“ mit einer eigenen Sonderfläche im Palais in den Fokus. Gemeinsam mit dem Education-Partner „KALK&KEGEL“ geben wir Dir die Möglichkeit, in die vielfältige Welt der Weine einzutauchen und wertvolles Wissen in dieser besonderen Disziplin zu erlangen.

Doch damit nicht genug: Ein Besucherliebling kehrt 2024 wieder zurück – die „BCB Low & No Bar“. Das Trendthema, welches aus den Bars weltweit nicht mehr wegzudenken ist, wird erneut mit einer eigenen Pop-Up-Bar auf den BCB geholt. Hierzu konnte das Messteam niemand geringeren als das Team von der „Amaro Bar“ aus London gewinnen.

Also worauf wartest Du? – In Halle 11.2 kannst Du an allen Messetagen großartige Drinks des bekannten Barteams mit wenig sowie ganz ohne Alkohol verkosten.

Auch rund um die Highlight-Flächen gibt es wieder reichlich zu entdecken: Über 1.100 Marken verteilen sich auf sechs Messehallen. Hier präsentieren unsere rund 500 Aussteller ihre neusten Produkte und nehmen Dich drei Tage lang mit auf vielfältige Geschmacksreisen. Viele spannende Neuheiten und junge Start-Ups kannst Du unter anderem in unserer „Young Guns Area“ und der „Emerging Brands Area“ in Halle 11.2 kennenlernen.

Natürlich steht auch Education wie gewohnt im Zentrum des BCB. Freu Dich auf ein breites und vielfältiges Angebot auf insgesamt sieben Bühnen und Education Areas. Ein paar Neuheiten in den Bühnenkonzepten werden den treuen BCB-Besucherinnen und -besuchern sicherlich direkt auffallen: Erstmals findest Du unsere Main Stage nämlich in der Rotunde in Halle 16. Hier kannst Du wie gewohnt Vorträge und Panels von bekannten Borexpertinnen und -experten anschauen. Auf der neuen „BCB Workshop Stage“ kannst Du hingegen selbst aktiv werden. Auch die „Brand Stage“ ist neu im Programm. Hier präsentieren unsere Aussteller ihre eigenen Education-Themen.

Und wer nach dem BCB immer noch nicht genug hat, muss noch lange nicht nach Hause gehen! Denn an den Abenden rund um die Messe, kannst Du wieder einiges erleben und die Tage in den Top-Locations der deutschen Hauptstadt ausklingen lassen.

Cheers – auf drei inspirierende und erfolgreiche Messtage!

Dein BCB-Team

## WELCOME TO BAR CONVENT BERLIN – GREAT TO HAVE YOU HERE!

The wait is finally over and the time has come: the Berlin exhibition halls are once again opening their doors to kick off the annual gathering of the international bar community at Bar Convent Berlin! BCB is known for showcasing the latest top trends in the industry each year and bringing them to life. This year, we thought: all good things come in threes! We are putting three exciting trend topics from the bar world in the spotlight and dedicating separate highlight areas to each of them.

Are you already a passionate whisk(e)y fan, or are you looking to become one? Then don't miss our "BCB Whisk(e)y Embassy sponsored by Woodford Reserve, Jack Daniel's & Schweppes" around this year's Spirit of Honour in Hall 11.1! In addition to delicious cocktail creations from the popular Hamburg-based "Collab Bar," you'll also find a fantastic education programme developed in partnership with the "OurWhisky Foundation." At the specially created education area, experts will teach you everything you need to know about whisk(e)y and its unique characteristics.

This year, BCB is also celebrating a true premiere: for the first time, the topic of "wine in bars" is taking center stage with its own special area in the Palais. Together with our education partner "KALK&KEGEL", we are giving you the opportunity to immerse yourself in the diverse world of wines and gain valuable knowledge in this special discipline.

But that's not all: A crowd favorite is returning in 2024 – the "BCB Low & No Bar". This trend, which has become indispensable in bars worldwide, will once again be featured with its own pop-up bar

at BCB. The show team has teamed up with none other than the "Amaro Bar" from London. So, what are you waiting for? In Hall 11.2, you can enjoy fantastic drinks with little to no alcohol from this renowned bar team on all show days.

Apart from the highlight areas, there is also plenty to discover: A total of over 1.100 brands are spread across six exhibition halls. Here, around 500 exhibitors will present their latest products and take you on a three-day journey of taste. You can get to know many exciting new products and young start-ups in our "Young Guns Area" and the "Emerging Brands Area" in Hall 11.2.

Of course, education remains at the heart of BCB. Look forward to a wide and diverse offering across seven stages and education areas. Loyal BCB visitors will certainly notice some new elements in the stage concepts: For the first time, our Main Stage is located in the Rotunde in Hall 16, where you can attend talks and panels from well-known bar experts. On the new "BCB Workshop Stage," you can get involved yourself and engage in interactive and hands-on activities. The "Brand Stage" is also new to the programme, where our exhibitors present their own educational topics.

And if you still haven't had enough after BCB, you don't have to go home just yet! On the evenings after the show, you can experience even more and round off the days in Berlin's top locations.

Cheers – to three inspiring and successful days at BCB!

## AMARO BAR AUS LONDON SAGT “YES” ZU LOW & NO!

AMARO BAR FROM LONDON SAYS "YES" TO LOW & NO!

**Ein Thema ist aus der Barwelt nicht mehr wegzudenken: Low & No. Bereits im letzten Jahr wurde der Trend mit einem eigenen Bar-Hotspot auf dem BCB in Szene gesetzt. In diesem Jahr wird es wieder eine Pop-Up-Bar auf dem Messegelände geben – diesmal mit niemand geringerem als dem Team der „Amaro Bar“ aus London.**

Im vergangenen Jahr sorgte das Barteam von „The Cambridge Public House“ aus Paris drei Tage lang mit einmaligen Cocktailkreationen auf dem BCB für Aufsehen. Die Low & No Bar bot die perfekte Anlaufstelle, um in einzigartiger Pub-Atmosphäre großartige Drinks mit wenig oder gar keinem Alkohol zu genießen. Auch in diesem Jahr möchte der BCB zusammen mit der bekannten Amaro Bar aus London das Trendthema wieder in die Messe Berlin holen.

„Die Zusammenarbeit mit dem BCB ist eine große Chance für uns. Als größte internationale Bar-Messe bietet er eine riesige Plattform, die uns dabei helfen kann, unsere Bar bekannter zu machen. Dieser Bar-Hotspot auf der Messe ist etwas völlig anderes als eine Gastschicht in einer Bar oder ein Vortrag auf einer Bühne – es ist daher eine sehr spannende Herausforderung für uns“, freut sich Elon Soddu, Barbesitzer der Amaro Bar.

One topic has become an integral part of the bar world: Low & No. Last year, the trend was showcased with its own bar hotspot at BCB. This year, there will once again be a pop-up bar on the exhibition grounds – this time with none other than the team of the "Amaro Bar" in London.

Last year, the bar team of "The Cambridge Public House" in Paris caused a stir at BCB for three days with their unique cocktail creations. The Low & No bar was the perfect place to enjoy great drinks with little or no alcohol in a unique pub atmosphere. Together with the well-known Amaro Bar from London, BCB wants to bring the trend theme to Messe Berlin again this year.

"The collaboration with BCB is a great opportunity for us. As the largest international bar trade show, it offers a huge platform that can help us to publicise our bar. This bar hotspot at the trade fair is something completely different from a guest shift in a bar or a talk on a stage – so it's a very exciting challenge for us," says Elon Soddu, bar owner of Amaro Bar.

BCB exhibitors have the unique opportunity to have low & no drinks created by the Amaro Bar team using their products. They can buy in their spirits, liqueurs or mixers at the buy-in bar and the Amaro Bar team will use them to create

Elon Soddu

Aussteller des BCB haben die einmalige Möglichkeit Low & No-Drinks von dem Team der Amaro Bar mit ihren eigenen Produkten kreieren zu lassen. Hierzu können sie sich mit ihren Spirituosen, Likören oder Mixern in die Buy-In-Bar einkaufen und das Team der Amaro Bar wird daraus passende und ausgefallene Drinks kreieren, die an allen drei Messtagen probiert werden können. So können die BCB Besucher die Produktvielfalt und Möglichkeiten rund um den Low & No-Trend geschmacklich auf dem BCB erleben und Aussteller haben die Chance einzigartige Rezepte zu ihrem Produkt zu erhalten.

## **VON LONDON NACH BERLIN: AMARO BAR BESPIELT LOW & NO-HOTSPOT**

Die Londoner Amaro Bar, die sich im Stadtteil Kensington befindet, verbindet außergewöhnlichen Service und die Liebe zum Detail mit Gemütlichkeit und einer intimen Atmosphäre. Das Barkonzept entsprang der Idee von Elon Soddu, einem Meister des Gastgewerbes und ehemaliger Chef-Mixologe des „The Savoy“. Er besitzt bereits über 13 Jahre Erfahrung in der

suitable and unusual drinks that can be sampled on all three days of the show. In this way, BCB visitors will be able to experience the variety of products and possibilities associated with the low & no trend in terms of flavour at BCB and exhibitors will have the opportunity to get unique recipes for their products.

## **FROM LONDON TO BERLIN: AMARO BAR TAKES OVER LOW & NO HOTSPOT**

London's Amaro Bar, located in the Kensington district, combines exceptional service and attention to detail with cosiness and an intimate atmosphere. The bar concept was the brainchild of Elon Soddu, a master of the hospitality industry and former head mixologist at "The Savoy". He has over 13 years experience in the industry and has spent the last eight years working in the best five-star hotels in London. In addition to the Amaro Bar, he has also been running a second bar in London, the "Twice Shy", since last year. He is also surrounded by a talented and motivated bar team, and you can see and feel that they enjoy their job.

Branche und hat die letzten acht Jahre in den besten Fünf-Sterne-Hotels in London gearbeitet. Neben der Amaro Bar betreibt er seit letztem Jahr auch eine zweite Bar in London, das „Twice Shy“. Um ihn versammelt sich zudem ein talentiertes und motiviertes Barteam, dem man ansieht und fühlt, dass sie ihren Job mit Freude machen.

Ihr Ansatz bei den Drinks ist in gewisser Weise recht simpel. „Unsere Drinks sind für jeden Gast sehr zugänglich und einfach zu verstehen. Hinter den Kulissen wird es allerdings sehr modern und äußerst speziell“, erklärt Elon Soddu. Das Barteam besitzt sogar zwei Labore, in denen sie kreativ werden und innovative Mixologie-Techniken anwenden können. Alle verwendeten Zutaten ihrer Drinks sind zudem hausgemacht.

Auch das Thema Low & No ist für das Barteam schon längst ein fester Bestandteil in ihren Baralltag. Zu ihren Bestseller-Cocktails gehören unter anderem Low-Kreationen wie der „Mandarin Garibaldi“ oder der „Modena Highball“ mit Bourbon, Erdbeerwasser und Balsamico-Essig. Aber auch alkoholfreie Drinks werden leidenschaftlich vom Barteam zubereitet. „Es zeigt sich immer mehr, dass die Kategorie mit niedrigem Alkoholgehalt in der Branche – vor allem in der UK – an Bedeutung gewinnt, da die Menschen gerne Cocktails trinken, die nicht zu viel Alkohol enthalten. Die Verwendung von alkoholarmen oder alkoholfreien Produkten in Cocktails bedeutet aber nicht, dass man auf Leidenschaft oder den Geschmack verzichten muss. Es kommt ganz darauf an, wie das Getränk zubereitet wird. Wenn es richtig gemacht ist, spielt es keine Rolle, ob es Alkohol enthält, nur ein wenig oder gar keinen“, findet Elon Soddu.

Their approach to drinks is quite simple in some ways. "Our drinks are very accessible and easy to understand for every guest. Behind the scenes, however, it gets very modern and extremely specialised," explains Elon Soddu. The bar team even has two laboratories where they can get creative and apply innovative mixology techniques. All the ingredients used in their drinks are also home-made.

Low & No has also long been an integral part of the bar team's everyday bar life. Their bestselling cocktails include low creations such as the "Mandarin Garibaldi" or the "Modena Highball" with bourbon, strawberry water and balsamic vinegar. But the bar team is also passionate about preparing non-alcoholic drinks.

"It's becoming increasingly apparent that the low-alcohol category is gaining importance in the industry - particularly in the UK - as people like to drink cocktails that don't contain too much alcohol. However, using low-alcohol or non-alcoholic products in cocktails doesn't mean you have to sacrifice passion or flavour. It all depends on how the drink is prepared. If it's made properly, it doesn't matter whether it contains alcohol, just a little or none at all," says Elon Soddu.

## BAR SHOW PREMIERE FOR YOUNG BAR TALENTS

Elon Soddu has made a conscious decision to bring two of his youngest talents from the bar team to BCB: 26-year-old Italian Aurora Fimati and 22-year-old Englishman Gabriel Tucker.

"They both came to the bar about a year ago with very little experience. The reason we hired them in the first place was because they showed that they were motivated and wanted to learn. I am very happy with this decision as they are doing a fantastic job at both Amaro Bar and Twice Shy."

For this reason, Elon decided to take Aurora and Gabriel with him to Berlin and work with them

## BARSHOW-PREMIERE FÜR JUNGE BAR-TALENTE

Elon Soddu hat sich bewusst dafür entschieden zwei seiner jüngsten Talente aus dem Barteam mit auf dem BCB zu nehmen: Die 26-jährige Italienerin Aurora Fimati und den 22-jährigen Engländer Gabriel Tucker.

„Sie sind beide vor etwa einem Jahr mit sehr wenig Erfahrung in die Bar gekommen. Der Grund, warum wir sie überhaupt eingestellt haben, war, dass sie gezeigt haben, dass sie motiviert sind und lernen wollen. Ich bin sehr glücklich über diese Entscheidung, da sie sowohl in der Amaro Bar als auch im Twice Shy einen fantastischen Job machen.“

Aus diesem Grund entschied sich Elon dafür Aurora und Gabriel mit nach Berlin zu nehmen und gemeinsam mit ihnen die Low & No-Bar auf dem BCB zum Leben zu erwecken. Für beide Newcomer ist es die erste Barshow, die sie besuchen – und das gleich als Gastgeber an einer dreitägigen Pop-Up-Bar! Elon hat allerdings volles Vertrauen in seine Teammitglieder: „Beide freuen sich sehr über diese einmalige Möglichkeit und ich weiß, dass sie das großartig machen werden, da sie hart und mit viel Leidenschaft arbeiten.“

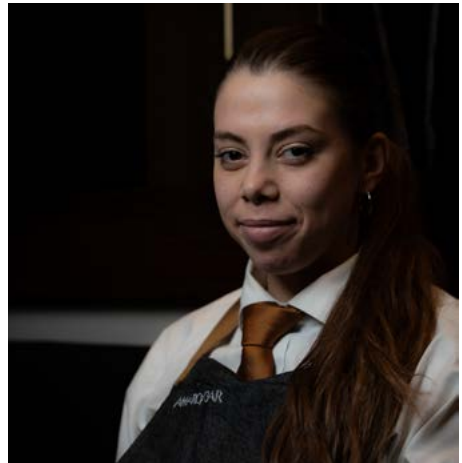

to bring the Low & No bar at BCB to life. For both newcomers, it is the first bar show they will attend – and as hosts of a three-day pop-up bar at that! Elon, however, has full confidence in his team members: "They are both very excited about this unique opportunity and I know they will do a great job as they work hard and with a lot of passion."

## 3 TAGE FOKUS AUF WHISK(E)Y MIT DER COLLAB BAR AUS HAMBURG!

### 3 DAYS FOCUS ON WHISK(E)Y WITH THE COLLAB BAR FROM HAMBURG!

**Egal ob Whiskey oder Whisky: Auf dem Bar Convent Berlin wird das diesjährige Spirit of Honour ordentlich für Furore sorgen. Wie auch im letzten Jahr wird es einen eigenen Barhotspot mit zusätzlicher Education Area geben – die „BCB Whisk(e)y Embassy sponsored by Woodford Reserve, Jack Daniel's & Schweppes“. Zudem wird wieder ein bekanntes Barteam die Besonderheiten der Spirituose geschmacklich neu erlebbar machen. Hierzu konnte der BCB die angesagte „Collab Bar“ aus Hamburg gewinnen – von und mit Chl e Merz!**

Nach der erfolgreichen Premiere des BCB Spirit of Honour im vergangenen Jahr, wird auch auf dem BCB 2024 wieder eine besondere Spirituose in den Fokus ger ckt – Whisk(e)y. Die traditionsreiche Spirituose erlebt derzeit einen deutlichen Hype in den Barhotspots dieser Welt. Neben den bekannten Whisk(e)y Export-L ndern wie Irland, Schottland und den USA, wird sie zudem in allen Teilen der Welt mit Leidenschaft produziert, unter anderem auch in Deutschland oder Indien. Diese Bandbreite an Facetten sollen die BCB Besucher nun hautnah erleben k nnen. „Wir sehen, dass Whisk(e)y immer beliebter wird – sowohl im Handel als auch in Bars. Die

Like last year, there will be a dedicated bar hotspot with an additional Education Area – the “BCB Whisk(e)y Embassy sponsored by Woodford Reserve, Jack Daniel's & Schweppes”. Furthermore, a well-known bar team will allow visitors to rediscover the special flavours of this spirit. To this end, BCB has succeeded in enlisting Hamburg's up-and-coming “Collab Bar” – by and with Chl e Merz!**

After the BCB Spirit of Honour celebrated a successful premiere last year, BCB 2024 will again be focusing on one special spirit – whisk(e)y. This tradition-rich spirit is currently enjoying tremendous hype at the bar hotspots of this world. It is not only passionately produced in long-established whisk(e)y exporting countries like Ireland, Scotland and the USA, but also in all other parts of the world including Germany or India. BCB visitors will now be able to experience this wide spectrum of facets first hand.

“We see that whisk(e)y is becoming increasingly popular – both in retail and in bars. This spirit has reinvented itself, has become more modern and is currently very trendy. And this is what we want

## „COLLAB BAR“ PRÄSENTIERT DIE VIELFALT VON WHISK(EY) IN DRINKS

Ziel des Barhotspots der BCB Whisk(e)y Embassy ist es den Besuchern die Vielfalt der Spirituose zu verdeutlichen. Hierzu hätte das BCB Team kaum eine bessere Partnerin finden können: Das junge und weibliche Barteam der Collab Bar, bestehend aus der bekannten Bar-Expertin Chloé Merz und ihren Teamkolleginnen Fredi (Frederike) Behrens und Adelina Schefferski, wird an dem Barhotspot drei Tage lang zeigen, wie man kreative und moderne Drinks mit der Spirituose kreieren kann.

## LEIDENSCHAFT FÜR WHISK(EY) IM GLAS ERLEBEN

Auch das diesjährige Spirit of Honour liegt Chloé sehr am Herzen. Sie würde sogar Whisk(e)y als eine ihrer ersten Lieben bezeichnen, wenn es um Spirituosen geht: „Whisk(e)y ist eine unglaubliche Spirituose. Die Komplexität und die Nuancen sind so vielfältig. Ich glaube wirklich, dass es einen Whisk(e)y für jede Gelegenheit gibt.“ Mit so viel Liebe und Begeisterung für die diesjährige Highlight-Spirituose, steht einem großartigen Barhotspot mit dem Collab Bar-Team also nichts mehr im Wege!

Die Collab Bar eröffnete erst letztes Jahr in Hamburg und hat sich bereits in kürzester Zeit zu einem der angesagtesten Bar-Hotspots des Landes entwickelt. Die experimentierfreudige und junge Bar, die für „Equal Drinking“ steht, bietet auf ihrer eigenen Karte sowohl eine Vielzahl an Low & No-Kreationen, als auch stärkere Cocktails an. Auf dem BCB werden sie nun zeigen, wie man Whisk(e)y in Drinks ideal in Szene setzen kann. Wie auch im vergangenen

## “COLLAB BAR” PRESENTS THE DIVERSITY OF WHISK(EY) IN DRINKS

The bar hotspot at the BCB Whisk(e)y Embassy aims to familiarise visitors with the diversity of this spirit and the BCB Team could have hardly found a better partner to do so: the young female Collab Bar team, comprising celebrity bar expert Chloé Merz and her team mates Fredi (Frederike) Behrens and Adelina Schefferski, will demonstrate how to produce creative and modern drinks with this spirit at the bar hotspot over three days.

## TASTE THE PASSION FOR WHISK(EY) IN A GLASS

This year’s Spirit of Honour is also very close to Chloé’s heart. She would even call whisk(e)y her first love when it comes to spirits: “Whisk(e)y is an incredible spirit. The amount of complexity and nuances is so wide. I truly believe there is a whisk(e)y for every occasion.” With so much love and passion for this year’s highlight spirit, nothing stands in the way of a great bar hotspot with the Collab Bar team.

The Collab Bar only opened in Hamburg last year

## **ZUSÄTZLICHE EDUCATION AREA: WHISK(E)Y KENNEN & LIEBEN LERNEN**

Nicht nur geschmacklich können sich die BCB Besucher von Whisk(e)y und seiner Vielfalt begeistern lassen. Die BCB Whisk(e)y Embassy wird neben dem Barhotspot auch eine spezielle Education Area haben, in der Experten Vorträge, Workshops und Tastings rund um das Thema Whisk(e)y anbieten werden. Das umfangreiche Programm soll die Prozesse von der Produktion bis ins Glas als auch die vielfältigen Geschmäcker und Herkünfte von Whisk(e)y genauer unter die Lupe nehmen und Weiterbildung auf Höchstniveau bieten. Hierzu wird der BCB mit ihrem Education Partner, der OurWhisky Foundation, zusammenarbeiten, der seine Expertise und Leidenschaft für die Spirituose in die Kuration des Programms einfließen lassen wird.

Passionierte Whisk(e)y-Liebhaber als auch die, die es noch werden möchten, können sich also auf drei Tage volles Programm und kreative Drinks an der BCB Whisk(e)y Embassy freuen.

The young bar team that is keen to experiment and stands for “equal drinking” offering both a wide variety of no & low creations as well as high-proof cocktails on its menu. At BCB, they will now show how whisk(e)y can be ideally presented in drinks. Like last year, BCB exhibitors from all over the world are again invited to make their products available at the Buy-In-Bar, thereby introducing them to a wide audience. The Collab Bar team will then draw up a varied drinks menu on the basis of this product selection for all three days of the trade show.

## **ADDITIONAL EDUCATION AREA: GETTING TO KNOW & LOVE WHISK(E)Y**

BCB visitors will be inspired by whisk(e)y and its diversity not only in terms of taste – because in addition to the bar hotspot, the BCB Whisk(e)y Embassy will also feature a special Education Area, where experts will deliver lectures, workshops and tastings on the topic of whisk(e)y. This comprehensive programme is designed to take a closer look at the processes from production to glass as well as the versatile taste and origins of whisk(e)y while providing continuing education at the highest level. To this end, BCB will cooperate with their Education Partner, the OurWhisky Foundation, that will channel its expertise and passion for this spirit into curating the programme.

So passionate whisk(e)y lovers – and those aspiring to become one – can look forward to three days packed with events and creative drinks at the BCB Whisk(e)y Embassy.

## BCB WINE EMBASSY LÄSST BARBRANCHE DIE WELT DES WEINS ENTDECKEN

### BCB WINE EMBASSY ENABLES BAR INDUSTRY TO EXPLORE THE WORLD OF WINES

**Auf dem BCB werden jedes Jahr die wichtigsten Trends und Produkte der Barbranche abgebildet. Ein großes Thema wurde jedoch bisher eher weniger beleuchtet: die vielfältige Welt der Weine. Dabei gibt es sowohl sehr viele großartige Weinbars als auch diverse Möglichkeiten für Bartender besondere Drinks mit Weinen zu kreieren.**

Das gab es auf dem BCB noch nie: Die Barmesse wird in diesem Jahr erstmalig das Thema Wein mit einer eigenen Sonderfläche in den Fokus rücken. „Wir möchten unseren Besucherinnen und Besuchern die Welt des Weins und ihre Vielfalt näherbringen, da eine hochwertige Weinauswahl einen großen Mehrwert für jede Bar bietet. Manchmal möchte ein Gast vielleicht gerne statt eines Cocktails einen guten Wein genießen. Umso besser, wenn das Barpersonal hierzu auch kundig ist“, erklärt BCB Director Petra Lassahn.

### ÜBER DEN EIGENEN GLASRAND HINAUS

Der BCB und sein Education Programm bietet seinen Besuchern jedes Jahr die Möglichkeit sich vielfältig weiterzubilden und einmal über den eigenen Tellerrand – oder in diesem Fall den eigenen Glasrand – hinauszublicken. Das geht natürlich nicht ohne einen starken Partner an der

Every year BCB maps the key trends and products for the bar sector. One major theme, however, has not received a great deal of attention so far: the versatile world of wines – although there are so many great wine bars and so many ways for bartenders to create special drinks with wine.

This is an all-time debut at BCB: the bar show will focus on the wine theme for the first time with a dedicated special area. “We would like to introduce our visitors to the world of wine and its diversity since a high-quality selection of wines offers plenty of added value for just about every bar. At times, guests probably want to enjoy a good wine rather than a cocktail. All the better if the bars staff is then also knowledgeable in this area,” explains BCB Director Petra Lassahn.

### LOOKING “BEYOND THE EDGE OF THE GLASS”

Every year BCB and its education programme give its visitors the possibility to undergo a wide variety of continuous education and to look beyond their own backyard – or in this case over the edge of the glass. This, of course, only works with a strong partner by BCB’s side: Jointly with the “KALK&KEGEL” magazine the wine hotspot and the associated programme will be curated. Special

Seite des BCB: Gemeinsam mit dem Magazin „KALK&KEGEL“ werden der Wein-Hotspot und das zugehörige Programm kuratiert. Spezielle Workshops und Tastings mit Wein-Experten und Sommeliers sollen den BCB-Besuchern während der gesamten Messezeit die Vielfalt und Besonderheiten von unterschiedlichsten Weinen näherbringen. Mit dabei ist unter anderem Johannes Schellhorn von der „Bar Freundschaft“ aus Berlin.

## **STARKE PARTNERSCHAFT SORGT FÜR WEIN-EXPERTISE**

„Wein wird für den Barbereich zukünftig zum unverzichtbaren Asset. Dabei kommt es gar nicht darauf an, eine große Weinkarte für seine Gäste anzubieten. Es geht um die richtigen Weine und um ein spannendes Storytelling dazu. Gäste wollen in der Bar noch einmal mehr begeistert werden“, erklärt Michael Pöcheim-Pech, Herausgeber von KALK&KEGEL.

Mit ihren Workshops wollen er und sein Team genau dort anknüpfen und die Trendthemen der Weinszene auf den BCB bringen. Geplant ist es, Weine von deutschen, aber auch von internationalen Winzerinnen und Winzern zu präsentieren, die für gesunde Böden stehen und mit Produkten faszinieren, die sich durch ein exzellentes Handwerk auszeichnen.

Die BCB Wine Embassy befindet sich im Palais der Messe und wird drei Tage lang ein abwechslungsreiches Programm bieten.

workshops and tastings held with wine experts and sommeliers for the whole duration of the trade show are designed to familiarise BCB visitors with the diversity and special characteristics of a wide variety of wines. Joining the fray amongst others will be Johannes Schellhorn of “Bar Freundschaft” from Berlin.

## **STRONG PARTNERSHIP ENSURES WINE EXPERTISE**

“Wine will become an indispensable asset to the bar segment in the future. The point is not to offer an extensive wine list to customers. It is more about offering the right wines and exciting storytelling to go with them. Guests want to be enthused even more in the bar,” explains Michael Pöcheim-Pech, publisher of KALK&KEGEL.

With their workshops he and his team want to kick in right there and flag up what is trending in the wine scene at BCB. They plan to present wines from German but also international vintners, who are committed to healthy soils, want to fascinate with their products and set themselves apart with excellent craftsmanship.

The BCB Wine Embassy is located in the Palais of Messe Berlin and will offer a varied programme for three days.

## DAS SIND DIE YOUNG GUNS!

### MEET THE YOUNG GUNS!

Dieses Jahr gibt es auf dem BCB wieder spannende internationale Newcomer der Branche zu entdecken – von alkoholfreien Alternativen bis zu außergewöhnlichen Gins. Wir geben eine kleine Kostprobe.

#### „FRANZ VON FEIN“: AUSGEZEICHNETE ALKOHOLFREIE APERITIFS

Die Gründer von Franz von Fein sind fest davon überzeugt, dass Aperitifs nicht mit Alkoholkonsum verbunden sein müssen – und das wollen sie mit ihren Produkten beweisen. Der Rubin Aperitif ist ein klassischer Aperitif – erst Zitrusfrucht aus Orange und Zitrone, im Nachhall komplex und fein-bitter. Mit Noten von Hibiskusblüte, Wacholderbeere und weiteren Botanicals. Der Bernstein Aperitif ist hingegen eine exotische Variante mit mediterranen Noten von Orange, Lavendelblüte und Rosmarin. Blumig, nadelholzartig, fruchtig mit feinen Bitternoten.

Ihr besonderer Geschmack wurde 2024 bereits mit diversen Awards prämiert. Der WAFA (World Alcohol Free Award, London) verlieh dem jungen Unternehmen zuletzt nicht nur zwei Goldmedaillen, sondern sogar die Auszeichnung „Best Aperitif“.

This year's BCB promises to be an exciting showcase of international newcomers in the drinks industry – from alcohol-free alternatives to extraordinary gins. Here's a sneak preview.

#### "FRANZ VON FEIN": AWARD-WINNING ALCOHOL-FREE APERITIFS

The founders of Franz von Fein are firmly convinced that aperitifs do not have to be associated with alcohol consumption – and they want to prove this with their products. Their Rubin Aperitif offers a classic experience with initial citrus notes of orange and lemon, followed by a complex and finely bitter finish, featuring hints of hibiscus flower, juniper berry, and other botanicals. The Bernstein Aperitif, on the other hand, is an exotic variant with Mediterranean notes of orange, lavender flower, and rosemary – floral, needle-woody, fruity, and finely bitter.

Their unique flavours have already won numerous awards in 2024. The WAFA (World Alcohol Free Award, London) recently honoured the young company with two gold medals and the title of "Best Aperitif."

## „POLARITY GIN“: GEGENSÄTZE, DIE ANZIEHEN

Einen Gin erfinden, der sich vom Gewöhnlichen abhebt – das war das Ziel der Gründer von Polarity Gin. In ihrer Destillerie in London treffen daher Abenteuer und Tradition aufeinander. „Magie entsteht an der Schnittstelle zwischen Ordnung und kreativem Chaos, zwischen Wettbewerb und Zusammenarbeit und zwischen unseren verschiedenen Persönlichkeiten“ erklären die beiden Gründer Sanja und Selim. Diese Polaritäten, die sie verbinden, haben zwei gegensätzliche Gins kreiert, die sowohl rebellisch kühn als auch elegant raffiniert sind. Hierzu haben sie neue Botanicals gemischt, die es in Gin noch nicht gab, besondere Farben – wie beispielsweise einen schwarzen Gin – und neue Geschmackskombinationen eingeführt.

## „MONACO CARTEL“ LOCKT MIT BELIEBTE KAFFEELIKÖR UND PRODUKTNEUHEITEN

Der Wodka-Kaffee-Mix „Liquid Cocaine“ von Monaco Cartel ist schon lange ein wahrer Klassiker in München und Umgebung. Der Kaffeelikör ist ideal für Kaffeeliebhaber und besteht aus natürlichen und biologischen Zutaten. Er überzeugt mit seinem vollmundigen Geschmack von aromatischem Kaffee und warmem Karamell. Abgerundet wird das Trinkerlebnis von einer feinen Schokoladennote des Cold Brews und angenehmen 16 % vol. des biologischen Wodkas. Neben diesem Klassiker wird das Unternehmen auf dem BCB auch zwei brandneue Produkte vorstellen: Einen Kirschlikör und einen Gin – wir sind gespannt!

## "POLARITY GIN": OPPOSITES ATTRACT

Creating a gin that stands out from the ordinary was the goal of Polarity Gin's founders. In their London distillery, adventure meets tradition. "Magic happens at the intersection of order and creative chaos, competition and collaboration, and our diverse personalities," say founders Sanja and Selim. These polarities have resulted in two contrasting gins that are both rebelliously bold and elegantly refined. To this end, they have blended new botanicals that did not yet exist in gin, introduced special colours – such as a black gin – and new flavour combinations.

## "MONACO CARTEL": TEMPTING WITH POPULAR COFFEE LIQUEUR AND NEW PRODUCTS

Monaco Cartel's vodka-coffee mix "Liquid Cocaine" is a classic in Munich and its surroundings. The coffee liqueur, ideal for coffee lovers, is crafted from natural and organic ingredients, offering a full-bodied taste of aromatic coffee and warm caramel, rounded off by a fine chocolate note from the cold brew and a pleasant 16% vol. from the organic vodka.

In addition to this classic, the company will also be presenting two brand new products at BCB: A cherry liqueur and a gin – we're excited!

## „KIYOKO YUZU“: APERITIF-INNOVATION AUS JAPAN

Eine der weltweit kostbarsten Früchte zeigt sich von ihrer vielleicht schönsten Seite: Im Süden Japans wird die Yuzu zu einer sommerlichen Getränkeinnovation verarbeitet. Kiyoko ist ein wunderbar frischer Aperitif, der gut gekühlt pur ebenso hervorragend schmeckt wie als Spritz. Hochwertige Zutaten und sorgfältige Produktionsweisen garantieren den Hochgenuss. Frei von Zusatzstoffen oder künstlichen Aromen wird der reine Yuzu-Saft mit Junmai-Sake vermählt, der seit mehr als 100 Jahren auf der Insel Honshū hergestellt wird. Das Ergebnis ist eine sommerliche Balance aus spritziger, leicht süßer Frucht und den knackigen, lebendigen Eigenschaften des Sake. BCB Besucher sollten sich den besonderen Geschmack nicht entgehen lassen!

## „NAUGHT GIN“: VERSPIELT VERRUCHT & UNVERKENNBAR ELEGANT

Wer Qualität zu schätzen weiß, sollte die Gins von Naught Distilling nicht verpassen! Die sorgfältig entwickelten und perfekt ausbalancierten Premium-Gins schaffen durch die Verwendung der feinsten Botanicals und der besten Destillationsmethoden ein genussvolles und einmaliges Gin-Erlebnis. Zu ihrem Portfolio gehört unter anderem der Australian Dry Gin: Wacholder, Zitrusfrüchte und wärmendes Cassia sitzen in der Mitte des Gaumens. Noten von frischer Orange und ein subtiler Sternanis runden den Geschmack dieses komplexen Gins ab.

## "KIYOKO YUZU": APERITIF INNOVATION FROM JAPAN

One of the world's most treasured fruits shows its best side in Kiyoko Yuzu, a refreshing aperitif made in southern Japan. Best enjoyed chilled, either neat or as a spritz, Kiyoko promises pure delight. Free from additives or artificial flavours, pure yuzu juice is blended with Junmai sake, which has been produced on the island of Honshū for over 100 years. The result is a summer balance of zesty, slightly sweet fruit and the crisp, lively characteristics of sake. BCB visitors should not miss out on this unique taste!

## "NAUGHT GIN": PLAYFULLY WICKED & DISTINCTLY ELEGANT

Those who appreciate quality should not miss the gins from Naught Distilling! The meticulously developed and perfectly balanced premium gins create a delightful and unique gin experience through the use of the finest botanicals and best distillation methods. Their portfolio includes Australian Dry Gin, featuring juniper, citrus fruits, and warming cassia at the centre of the palate. Notes of fresh orange and a subtle star anise round off this complex gin's flavour.

## „ERBE GIN“: EIN AUFSTREBENDER STERN IM GIN-BEREICH

Dieser Premium-Gin wird aus 14 italienischen Botanicals hergestellt, darunter duftender Salbei und spritzige Limette. Durch die Herstellung aus reinem Quellwasser der italienischen Alpen kommen die Botanicals in perfekter Balance zur Geltung. Ein wahrer Trinkgenuss, wie an einer italienischen Bar im Sommer.

Im Juni 2023 hat Gründer Gerbe Suttels erst den Erbe Gin auf den Markt gebracht. Bereits in kürzester Zeit hat sich sein Premium-Gin in der Branche einen hervorragenden Ruf erworben und konnte einige Auszeichnungen gewinnen, unter anderem den Titel „Best Belgian Gin 2024“ bei den The Gin Guide Awards. Darüber hinaus ist Erbe Gin bei den diesjährigen The Spirits Business Awards in der Kategorie „Gin Brand of the Year“ nominiert und Gründer Gerbe Suttels für die Auszeichnung „Young Achiever of the Year“.

## „MIJENTA“ PRÄSENTIERT VIER NACHHALTIGE TEQUILAS

Mijenta ist ein preisgekrönter, nachhaltiger Tequila ohne Zusatzstoffe aus dem Hochland von Jalisco, der die Traditionen der mexikanischen Kultur zelebriert und das Beste des Landes und seiner Menschen verkörpert. Passend dazu ist der Name inspiriert von „mi gente“, was auf Spanisch „meine Leute“ bedeutet. Es ist zudem der einzige Tequila-Hersteller, der von der gemeinnützigen Organisation B Lab mit der B Corp-Zertifizierung ausgezeichnet worden ist.

An ihrem Stand auf dem BCB können sich Besucher gleich von vier verschiedenen Produkten überzeugen lassen: Dem Mijenta Blanco, Mijenta Reposado, Mijenta Añejo und dem neuen Mijenta Cristalino.

## "ERBE GIN": A RISING STAR IN THE GIN WORLD

This premium gin is crafted from 14 Italian botanicals, including fragrant sage and zesty lime. The pure spring water from the Italian Alps brings these botanicals into perfect harmony. It's a true delight, akin to enjoying a drink at an Italian bar in summer.

Founder Gerbe Suttels launched Erbe Gin in June 2023, and it quickly earned a stellar reputation. It has won several awards, including "Best Belgian Gin 2024" at The Gin Guide Awards. Additionally, Erbe Gin is nominated for "Gin Brand of the Year" at this year's The Spirits Business Awards, and Gerbe Suttels is up for "Young Achiever of the Year."

## "MIJENTA": SHOWCASING FOUR SUSTAINABLE TEQUILAS

Mijenta is an award-winning, sustainable tequila from the highlands of Jalisco, celebrating Mexican cultural traditions and embodying the best of the land and its people. The name is inspired by "mi gente," Spanish for "my people." It is also the only tequila producer to have received B Corp certification from the non-profit organisation B Lab.

Visitors at their BCB stand can sample four different products – Mijenta Blanco, Mijenta Reposado, Mijenta Añejo, and the new Mijenta Cristalino.

## „VAN HUNKS“: BEREIT FÜR EIN ABENTEUER?

Van Hunks ist eine junge Marke, die die Kategorie der Schaumweine auffrischen will. Ein fesselndes Getränk, das unerwartet trocken ist, während der Duft und die Aromen in Kombination mit den Bläschen es köstlich frisch und schmackhaft machen. Die Van Hunks Brut und Brut Rose Cap Classiques werden im südafrikanischen Weinbauparadies Stellenbosch angebaut. Sie sind benannt und inspiriert von einer Legende: Jan Van Hunks war nämlich berüchtigt dafür, dem Gewöhnlichen zu entfliehen. Van Hunks Abenteuerlust lebt nun in der Schaumwein-Marke und denjenigen, die sie trinken, weiter.

## „POLLY“: GESCHMACK OHNE RAUSCH

POLLY lässt sich auch dieses Jahr den BCB nicht entgehen und stellt wieder ein breites Portfolio an alkoholfreien Produkten vor. Neben alkoholfreien Cocktails, Aperitifs und Sekt bieten sie zudem auch spannende Alternativen zu den Spirituosen Gin, Rum und Tequila an. Die mit Sorgfalt ausgewählten Botanicals sorgen für einen besonderen Geschmack und wahren Trinkgenuss auch ganz ohne Alkohol. Einen Besuch am Stand des innovativen und preisgekrönten Kölner Unternehmens sollten Besucher sich also nicht entgehen lassen!

## "VAN HUNKS": READY FOR AN ADVENTURE?

Van Hunks is a young brand refreshing the sparkling wine category. This captivating beverage is unexpectedly dry, with aromas and flavours that, combined with the bubbles, make it delightfully fresh and tasty. The Van Hunks Brut and Brut Rose Cap Classiques are grown in South Africa's wine paradise Stellenbosch. The wines are named and inspired by a legend – Jan Van Hunks was notorious for escaping the ordinary. His adventurous spirit now lives on in this sparkling wine brand and its drinkers.

## "POLLY": TASTE WITHOUT THE BUZZ

POLLY isn't missing BCB this year, presenting a broad portfolio of alcohol-free products. Alongside alcohol-free cocktails, aperitifs, and sparkling wines, they also offer intriguing alternatives to spirits like gin, rum, and tequila. Carefully selected botanicals ensure a special taste and enjoyable drinking experience without alcohol. Visitors shouldn't miss a visit to this innovative and award-winning Cologne-based company's stand!

# EDUCATION BOARD

Angus has spent over 35 years in the hospitality and drinks industries with a self-proclaimed mission to learn as much as he can about “drinks, drinkers and those that serve them”. In that time he has made drinks, run bars, trained bartenders, coached managers and won multiple awards for his brand ambassadorship, public speaking and his mentoring. He was recently the Director of Drinks & People at the Wild West Group in the UK and is now splitting his time between the UK and his consulting business Alconomics Asia in SE Asia.

Angus Winchester  
bcbeducationdirector@gmail.com

Damien has been in Berlin for 10 years where he discovered his passion for bartending and the bartending community. In the recent years he has been the BA for BCB where he plays a pivotal role between the show and the bartending community. He is currently the Creative Director at Wax On Bar in Berlin, Neukölln as remaining an actor of the bar scene is important to him. He considers education and the passing of knowledge as the most important aspect of our bar industry because of the lack of formal and structured education.

Once again this year, the BCB Education Board under the lead of Angus Winchester – BCB Director of Education – takes the task of curating and assembling the rich education programme of the Main Stage and the new Workshop Stage. He will be joined again by the two industry experts Damien Guichard and Eleni Nikoloulia, and for the first time new member Maria Gorbatschova – to make the programme even more versatile and multifaceted.

## Meet the BCB Education Board!

**ELENI  
NIKOLOULIA**

Eleni studied political science before moving to work in lifestyle and travel magazines in her home country, Greece. From here, she developed a great passion for the bar sector with a dream to further promote new ideas, responsibility and inclusivity within the bar industry. She is a partner at Difford's Guide Greece & Cyprus, an Academy Chair for the World's 50 Best Bars, the cofounder of non-profit civil partnership Metron Ariston: Making Responsibility a Trend; and co-organiser of Athens Rum and Whisky Festival; Athens Cocktail Week; Cyprus Cocktail Festival; and of Aegean Cocktails and Spirits, a project that promotes Greek spirits through various activations, and projects.

**MARIA  
GORBATSCHOVA**

Maria Gorbatschova is the bartender and a spirits writer for Mixology Magazine. After finishing her studies in product design with a bachelor thesis on cocktail glasses at UdK Berlin she focused on bartending and became the bar manager of legendary Green Door in Berlin. Maria consults brands and hospitalities, she developed products for Thomas Henry and consulted on the opening of YUN Teehouse in Seoul. She is an alumni of MAD Academy in Copenhagen. 2024 Maria joined the educational board of BCB.

A close-up photograph of a bartender wearing a bright orange jacket. The bartender is pouring a vibrant red liquid from a metal strainer into a clear glass tumbler. The glass contains a large, clear ice cube. The bartender's hands are visible, with one hand holding the strainer and the other resting on the bar counter. The bartender is wearing a gold ring and has light purple nail polish. The background is slightly blurred, showing a bar setting.

# Join the Pipe Water Bottles

Use this Join the Pipe bottle over and over again and help reduce plastic waste.

Made from sugar cane, a CO2 negative plastic, BPA-free, dishwasher safe and produced in the Netherlands.

Each bottle also contributes to clean drinking water projects in developing countries.

## From single-use to multi-use

Join the Pipe is a global community of tap water drinkers. We promote drinking tap water for a cleaner, healthier and more sustainable environment.

With our reusable water bottles and indoor and outdoor refill stations, we offer an affordable alternative to single-use plastic bottles and make sustainable tap water easily accessible wherever people work, play and relax.

## Clean drinking water for everyone

Our mission is to give everyone, everywhere in the world access to clean and safe drinking water, and tackle plastic pollution at the source.

With the proceeds from our taps and bottles, we realize drinking water projects and clean-up actions in developing countries. Read more on our website.
